

Research & Innovation

Study Feasibility Form

Please complete all applicable questions. This information will assist the Research and Innovation department in providing the most appropriate and timely support for your study. (Please do not answer questions with a yes/no answer unless specified)

This form can be completed by any member of the research team. Please forward completed forms to the Research and Innovation Department via email to: CHS.Research@chsft.nhs.uk.

Which Study are you completing this form for?	
Please confirm your ideal start date for the research	
Who would be the Principal Investigator?	
Who would be the Co-investigator or Co-investigators?	
Who would be the other research team members?	
Are you planning to include staff members who are new to research in the research team? (If so, please provide details and advise if any training would be beneficial)	
Please confirm estimated start and finish dates	
How will you identify potential participants?	Clinic Lists <input type="checkbox"/> Database <input type="checkbox"/> Patients self-identify <input type="checkbox"/> Other (please specify):
Please provide an estimate for how	X =

many patients (who are seen during the study recruitment window) will be potentially eligible to participate	
Please provide an estimate for the recruitment target (Note: we usually estimate using the formula = X/2 and if a difficult trial to recruit to then use X/4 instead)	Either: [X ÷ 2] or [X ÷ 4]
Was this from the sponsor/trial centre or your own estimate	Sponsor Trial Centre Own estimate
Please advise of any studies (ongoing or planned) that may compete or affect recruitment	
Where do you propose to conduct the research and is any specific or additional resource or equipment needed?	
Would you require support from the R&I Generic Team? If YES – outline the nature of support needed	YES \ NO
Please advise if any of the following services will need to support the study:	Pathology <input type="checkbox"/> Jonathan Vernazza Tel: 0191 445 6576 Pharmacy <input type="checkbox"/> Rod Beard/Jill Holden Ext: 41918 Radiology <input type="checkbox"/> Andy Knight Ext: 42661
Please contact the following departments if they are relevant to your research:	EDME (equipment): Stephen Wardropper 49955 Information Governance: Mark Eadington 41713 IT: Helpdesk@chsft.nhs.uk
Please state if there are any concerns/queries about the research, or if you require any other support from R&I:	

Research and Innovation will share the responses with the NIHR Study Support Co-ordinators, so they can also provide support in setting up your study (should this be required) – They can be contacted via tnu-tr.nenc-studysupport@nhs.net or 0191 2823076
